Principals Message

Contact Information: The New Year is a great time to update all of your contact information. If you have not been getting emails and phone calls from us, we do not have your contact information. Communications during emergency situations will be done through email, phone messages, and also at [twitter@EtnaElementary](https://twitter.com/EtnaElementary) or [twitter@lcsd2wy](https://twitter.com/lcsd2wy). Bussing information can be found on Facebook under LCSD2 Transportation. Lastly, I would encourage you to friend the Etna PTO Facebook page to stay connected to their many happenings.

Internet Safety: No child is immune to inappropriate content on the web. In addition, no child is above improper use of technology. Please know our monitoring software is very effective. We have had to deal with inappropriate use of technology and it has proven regrettable for the students involved.

Bus Notes: Our transportation department faces logistical and geographical challenges every day. To help them get all students home or to an alternate bus drop SAFELY and efficiently, always send a note for any changes to your child's normal route. A complete note with ALL of the information possible will secure safe passage from the school to the correct bus stop for your child. Please note: Calls to the school after 2:00 p.m. to arrange changes to your child's transportation are very difficult for us to accommodate.

Attendance: With such a short school year each day of instruction is critical to your child's success. It is impossible to make up for the learning that takes place during classroom instruction. Please do all you can to insure your child is here every day possible.

Thank you for helping make this a great year at Etna Elementary. We appreciate your support and all you do to make this a good experience for your child. As always, if you have any questions, please feel free to give me a call at 307-885-2472.
